

THE METACOMET GROUP ANNOUNCES THE ACQUISITION OF FLUID MECHANISMS OF HAUPPAUGE, INC.

Cranston, RI and Hauppauge, NY - May 14th, 2021

Metacomet Group Holdings LLC (TMG) announced that it has acquired the assets of Fluid Mechanisms of Hauppauge, Inc. through a new wholly owned entity, Fluid Mechanisms of Hauppauge, LLC (FMI). Established in 1981, FMI is a precision manufacturer of structural components and assemblies for the aerospace and defense industries. FMI has deep experience with large-format multi-axis milling and turning for flight safety, flight critical and leading-edge content on military rotorcraft, commercial aerospace and space programs.

Robinson+Cole served as legal counsel to TMG.

About The Metacomet Group

The Metacomet Group is an investment consortium that brings a new and ambitious approach to contract manufacturing. TMG acquires top-tier niche manufacturing businesses across the United States while maintaining their unique functional identity. Driven by the spirit of collaborative consultation, TMG works in partnership with our businesses to support future growth by simplifying supply chain sourcing for our customers. Coupled with best-in-class on time delivery and quality, and a culture of operational excellence, TMG drives value creation for all stakeholders.
